

AMENDMENTS TO THE SPECIFICATION

Please substitute the previous specification with the attached specification herewith. A clean copy and a marked-up copy showing the changes made are enclosed. The substitute specification incorporates no new matter.

The substitute specification includes the following new title:

**A METHOD FOR DESIGNING A COMPOUND BASED ON THE THREE DIMENSIONAL
STRUCTURE OF PHOSPHOINOSITIDE DEPENDENT PROTEIN KINASE 1 (PKD1)**

Please substitute the Abstract with the new Abstract provided herewith as the last page of the Specification.

Please submit the substitute Sequence Listing that is recorded in computer readable form and filed herewith via EFS. The substitute specification includes a request to incorporate this file by reference.
